ABOUT ME

Experienced network engineer with a passion for routing, switching and firewalls.

WORK EXPERIENCE

05/2021 – CURRENT Bucharest, Romania
SYSTEM ENGINEERING EXPERT VODAFONE

An implementation role focused on the deployment of new client request related to extension and configuration of network.

> Technical skills and competencies:
> - implement firewall changes based on the requested and approved matrixes;
> - troubleshoot firewall issues on the entire CI infrastructure: Checkpoint, VMWare NSX, Juniper, F5;
> - Load balancing configuration/implementation (NSX Edge Load Balancing and F5)
> - implement network changes based on low level design;
> - network decommissioning

IP Network Deliver Manager
> - Manage key stakeholders interaction for connectivity build up. Act like a SPOC for VF Ziggo network configuration and implementation in Ratingen DC. Lead the delivery process in receiving , organizing and prioritizing backlog connectivity requests respecting SLAs and using agile tools (Jira, Trello);
> - Drive security approval of connectivity requests;An implementation role focused on the deployment of new client request related to extension and configuration of network. Skills: Firewalls · Networking · Load Balancing · VMware NSX · Juniper Firewalls

02/2017 – CURRENT Bucharest
CISCO CCNA R&S INSTRUCTOR TELECOM ACADEMY

Teach Cisco CCNA Curriculum

07/2016 – CURRENT Bucharest, Romania
TECHNICAL SUPPORT ENGINEER III IXIA / KEYSIGHT

- L2-3 Support & Automation
- Provide expert level support to Ixia customers located in EMEA region.
- Assist customers with operation and configuration of Ixia IxNetwork software, especially on routing protocols. The product can test all layer 2 and 3 protocols and is used by networking equipment manufacturers and service providers to simulate scenarios for network equipments before adding them to their large scale topologies.

• Provide support for automation test cases: Rest API, Phyton, Tcl.

13/07/2015 – 06/2016 Bucuresti, Romania
NOC ENGINEER VODAFONE ROMANIA

- Monitor Vodafone Italia fixed network;
- Monitor and investigate 24h/7 IP network elements alarms for various type of vendors (Cisco, Huawei, E///) and technologies (ATM, DWDM, SDH, PDH), last mile equipment and CPE.
- Perform alarm analysis and troubleshoot on the Data and Voice (DSLAM,BNG etc.) network. - Configure network elements in order to assure a short recovery time for services in case of network failures. - Investigate customer complaint and resolution, dispatch field teams (using Remedy ticketing system). - Notify in a timely manner technical incidents according with operational procedures. - Escalate network or service issues towards internal / external entities in order to assure a shortest recovery time and to prevent similar incidents..- Executes preventive maintenance activities.- Daily monitoring of the network's performance indicators;- Participates at internal and external training in order to improve technical skills;

09/2014 – 10/2014 Bucuresti
INTERNSHIP LUXOFT ROMANIA

- linux courses
- networking: Routing & Switching

08/2014 – 08/2014 Bucuresti, Romania
INTERNSHIP - BACK OFFICE ENGINEER ORANGE ROMANIA

- monitor and maintain applications;
- Level 2 support;
- getting familliar with Linux operating system;

EDUCATION AND TRAINING

06/05/2021 – CURRENT
AWS CERTIFIED CLOUD PRACTITIONER AWS

06/2017 – CURRENT
CCNP TSHOOT: TROUBLESHOOTING AND MAINTAINING CISCO IP NETWORK - CCNP (300-135)

Cisco ID: CSCO12717451

09/2016 – CURRENT Bucuresti, Romania
CCNA SECURITY - IMPLEMENTING CISCO NETWORK SECURITY (210-260) Telecom Academy

Cisco ID: CSCO12717451

06/2016 – CURRENT
CCNP ROUTE -IMPLEMENTING CISCO IP ROUTING (300-105)

Cisco ID: CSCO12717451

10/2015 – CURRENT
CCNP SWITCH - IMPLEMENTING CISCO IP SWITCHED NETWORKS (300- 115)

Cisco ID: CSCO12717451

13/02/2015 – CURRENT
CISCO CERTIFIED NETWORK ASSOCIATE - CCNA (200 - 120)

Cisco ID: CSCO12717451
Valid until February 13, 2018

01/10/2015 – 06/2017 Bucuresti, Romania

MASTER'S DEGREE - MANAGEMENT OF SERVICES AND NETWORKS Faculty of Electronics, Telecommunications and Information Technology

Master's Degree Project: "MPLS si analiza conceptului de inginerie a traficului" - Score: 10/10

10/2011 – 07/2015 Bucuresti, Romania

BACHELOR DEGREE Faculty of Electronics, Telecommunications and Information Technology

Degree project: **IBM iFlow Director: Platforma ce asigura echilibrarea si gestiunea inteligenta a traficului - Score 9.90/10.0**
The project consists of implementing a solution that provides Load Balancing
and High Availability in mission-critical environments. IBM iFlow Director is used to eliminate any single point of failure, delivering intelligent traffic management, service differentiation, traffic inspection, security and lawful interception services. It operates in transparent Layer 2 or full Layer 3 mode and supports IPv4 and IPv6, using advanced routing and policy-based routing for steering traffic from the source toward the destination.

LANGUAGE SKILLS

Mother tongue(s):   **ROMANIAN**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	B2	C1	C1
SPANISH	A2	A2	A2	A2	A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

ADDITIONAL INFORMATION

DRIVING LICENCE

Driving Licence: B

ORGANISATIONAL SKILLS

Organisational skills
- experience in driving daily stand-up meetings for status and progress check
- excellent skills for building and organizing courses, both online or in classroom

COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills
- Good communication skills acquired upon completion of training '' Communication" organized by University Politehnica of Bucharest;
- Team spirit, able to communicate easily with colleagues;
